King's Kids Connection

By Miss Nancy

In-Service Update

At our In-Service meeting on Monday, we did our usual health and safety required training and much more. Children are so important that staff in every daycare in Minnesota are required to cover specific areas of training to keep us on track to having a safe and wonderful experience. We also got to cover our center goals and get refreshed with some inspiration on YouTube by Reverend TD Jakes. To find the uniqueness and special quality of each child and ourselves brings true happiness. We also covered the powerful promise that HOPE brings us.

Winter will end, things with Covid will get better, and we are promised Eternal Life with Jesus. As we enter into the Lenten Season, we must remember that God sent His son Jesus to give HOPE to the world. I hope you all have hope today.

We Have Kicked Off KHC!

Kids Heart Challenge Service-Learning Program is under way and our students are doing a great job. Your student is learning heart healthy habits while giving students the opportunity to help others in our community. Please be sure to ask your child about what they are learning and what they can do to make a difference. The first part of the Kids Heart Challenge is to encourage students to take care of their own hearts by making healthy choices. Participation is simple. All you have to do is help your student **Register Online**. When registered, students will choose to work on: Choosing water over sugary drinks; Exercising for 60 minutes a day; Doing one act of kindness a day.

For your efforts, every **REGISTERED** student will get a free **Wristband** with a secret code. Please refer to this [Virtual Envelope](#) to reveal the secret codes throughout Kids heart Challenge.

Here's how you can help:

1. Go online and Register at <http://www2.heart.org/goto/trinitylutheran> or download the "Kids Heart Challenge" app in your app store.
2. Take the Challenge.
